

Deliver. On time. Full stop.

Whether you want to send freight or carry out deliveries for us — Senn Logistik GmbH connects the DACH region, Benelux, Scandinavia and the UK: 100 vehicles across the SENN Group and 24/7 dispatch.

≤ 2 H RESPONSE

I have freight.

We get your freight to its destination safely.

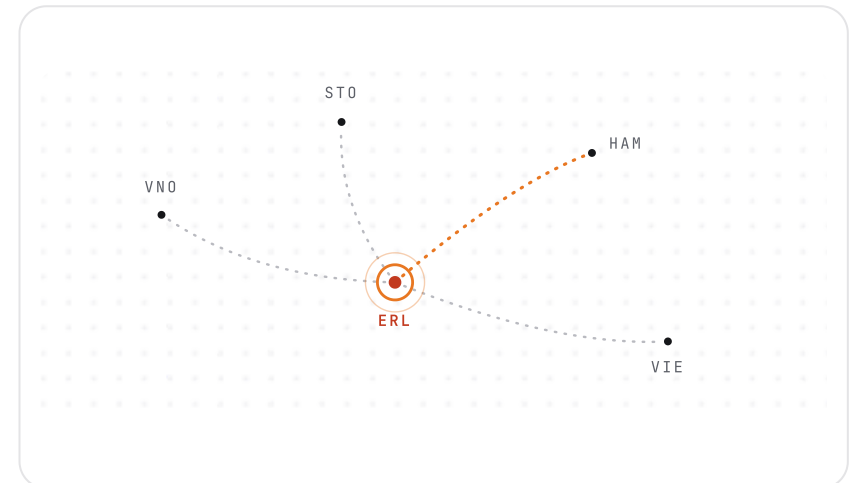

FTL, time-critical, spot and Sprinter — Europe-wide. Quote within 2 hours, dispatched same day where possible.

TERMS OF PAYMENT: 7-14 DAYS

I drive routes.

We offer you scheduled, reliable round trips.

Loaded and empty kilometres are paid; waiting time is paid when the customer is at fault. Round trips: payment terms 14 days without deductions, or 7 days without deductions for 5 or more vehicles, no deductions, in each case after upload and approval of the documents. Spot loads: 60 days net, or 14 days with a 2% discount. We arrange ferries, tunnels and tolls — to ensure a reliable, year-round partnership.
